

SPONSORSHIP

Star Racer

- You are the star racer of the Comet Racing pod-racing team, and your team needs a sponsor. Helix Drives wants to sponsor your team.
- Fan events pull racers away from training. Two a season is fine, and ten would wreck your season.
- Sponsors usually pay 100K - 300K cr per season. More is better.
- You'd prefer a small logo so fans can see your team colors.
- A longer contract lets you plan ahead.
- Stardust Soda offered you 150K per season, a medium logo, 5 fan events, and a 1-season contract.
- You are the most popular racer on the station. Filming an ad takes one afternoon. That is not a fan event, and you don't mind doing it.

Negotiate:

Payment per season

Logo size on the racing pod (small, medium, or giant)

Number of fan events per season

Contract length (1, 2, or 3 seasons)
